November 2019

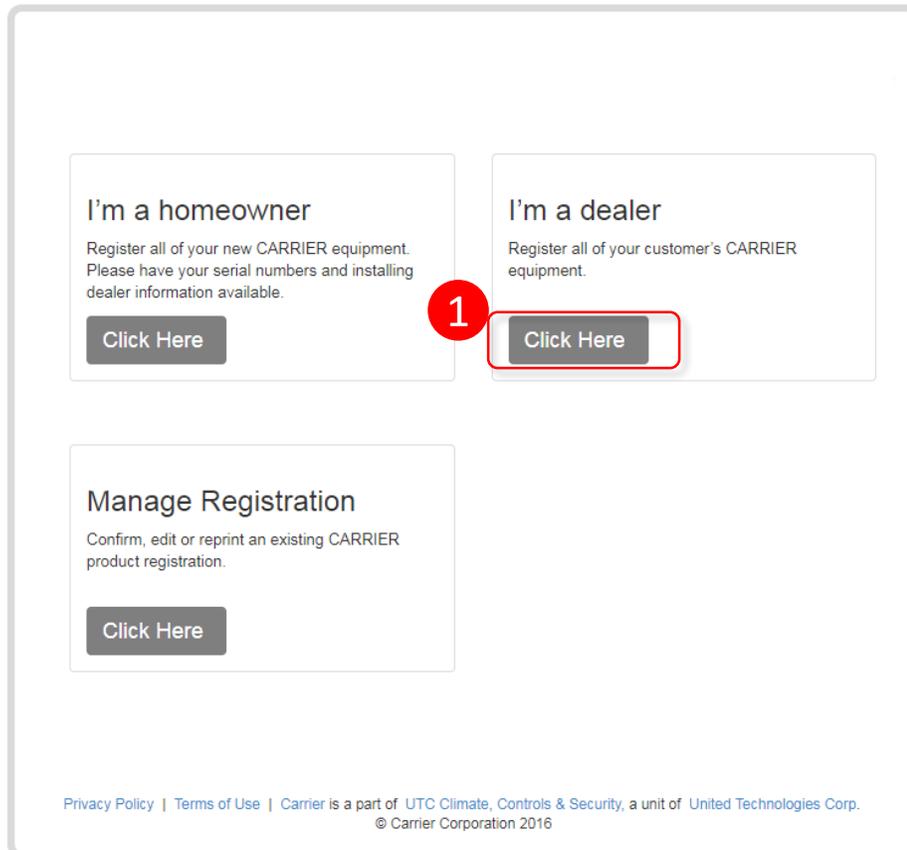

Product Registration

Product Registration— Entering on the Branded Websites

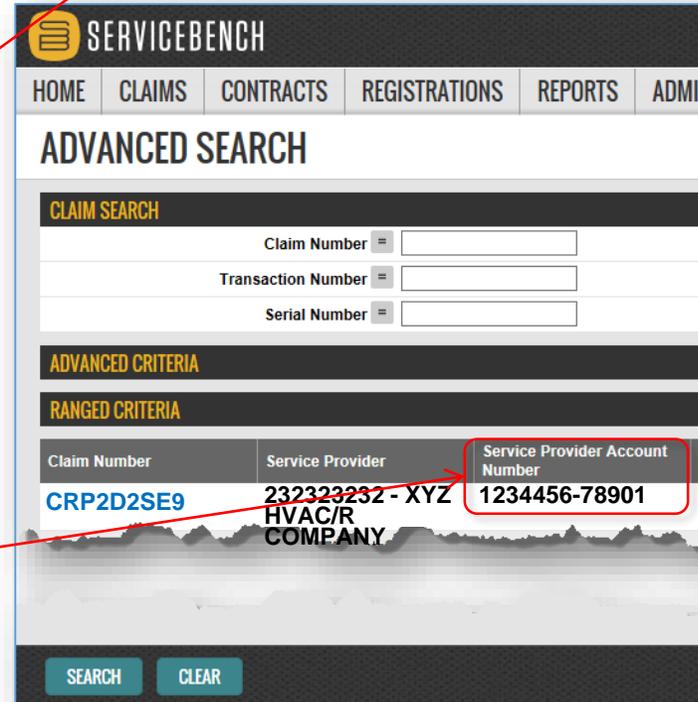

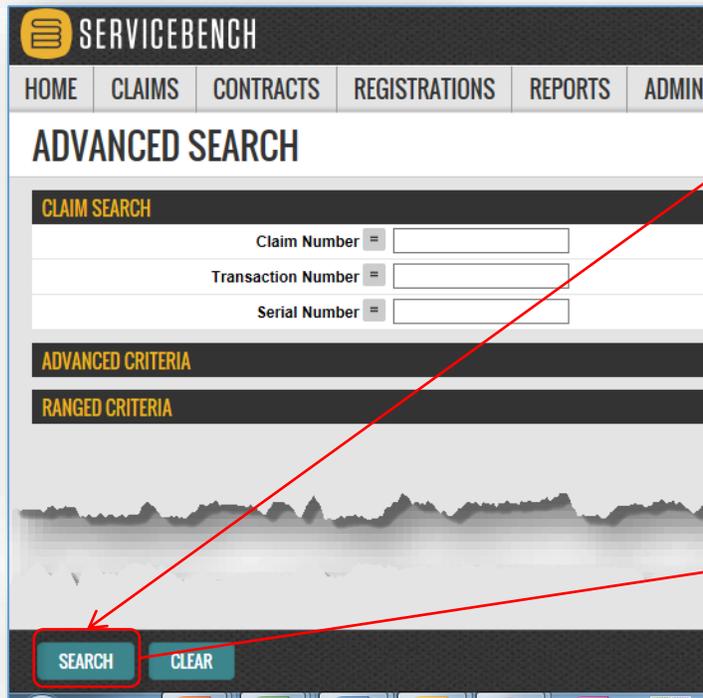

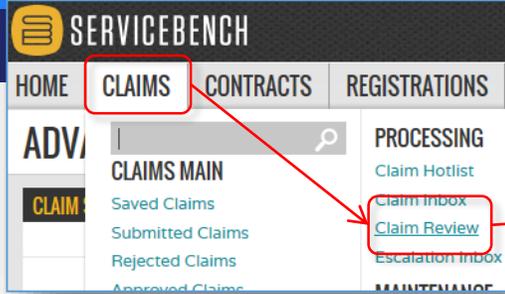

Select the appropriate branded website and click on the Registration link to begin the registration. All branded websites function the same and will show the appropriate branded Logo. This training document is specifically for showing how to register HVAC equipment.

1 The Home Page for the Registration site will be the same for all brands. Dealers should register equipment as a Dealer.

Product Registration— Entering on the Branded Websites

To ensure that the product registration is linked to your company in the ServiceBench warranty system, we recommend searching by your Manufacturer Identification number (aka, Service Provider Account Number). Your Manufacturer Identification Number is your Account Number with the distributor, followed by a dash (-) and then the Distributor's Bill-to Account Number.

If you do not know your Manufacturer Identification Number, you can follow the steps below:
Click on Claims
Click on Claims Review hyperlink
Click on Advanced Search hyperlink
Hit "Enter" or click on SEARCH
This will show you claims you have submitted; the third column contains your Manufacturer Identification Number (aka, Service Provider Account Number).

If you are unable to locate this number in ServiceBench following the directions outlined above, you should contact your Distributor for assistance.

Product Registration— ServiceBench® Registration Review

The screenshot shows the 'FIND PRODUCT REGISTRATION' form. It has two main sections: 'By Consumer or Company' and 'By Model'. The 'By Model' section has a red circle '1' next to the 'Serial Number' field containing '1901E12345'. The 'By Consumer or Company' section has a red circle '2' next to the 'Confirmation Number' field containing 'Z00100000000121'. At the bottom left, there is a red circle '3' next to the 'SEARCH' button.

From REGISTRATION REVIEW:

1. Enter a Serial Number, or
2. Enter a Confirmation Number in the Confirmation Number field if you have it. (Note: Confirmation numbers registered on the ICP site will always end in a capital “I”, not to be confused with the number “1”.)
3. Click SEARCH button.

Note: If searching by serial number, you will only get one result (i.e., **Example A**). If searching by Confirmation Number, you may get more than one result (i.e., **Example B**). Clicking on the Pencil will take you to the registration screen for a particular serial number; clicking on a blue serial number link will take you to the ENTITLEMENT screen.
