ITEM NO.	PART NAME	LDC	REPLACEMENT PART NUMBER		USAGE		
			STAINLESS STEEL	GREEN	26L10	26L20	
					A/C	W/C	W/C

Note: 1. Approximately December 1, 1958, a color change was made on all 26 Series Units. Ending Ser. #8041949, the color was grey or white as required. Starting Ser. #8041950, the color is seafoam green. In July, 1963, models with Stainless Steel Panels were added to the product line. Grey and white panels are no longer available - request for colors, other than those currently offered, should be handled in the field.

2. Panels are not normally stocked. Orders for these parts will be accepted on a "To Order" basis only.
